| <b>Important Notice to all Animal Owners involved in Showing Animals</b> |
|--|

**Show Day – Saturday 24<sup>th</sup> August**

**Last Entries – Friday 9<sup>th</sup> August**

The Irish Show Association would advise all Animal owners who have their Animals Insured to have the Insurance cover extended to cover them while showing animals at Shows, we understand that it costs very little or nothing at all, depending on whom you have Insurance cover with.

If you are one of the few who don't have cover we would advise that you think about putting it in place for this purpose, it may be well worthwhile.

The reason for us giving you this advice is that if your animal lashed out & injured someone or damaged someone's property & it is established that your animal was out of your control at that time, you may be held responsible or partly responsible for any injury or damage caused, you may end up paying all, or part of any settlement reached.

### **CLASS 84 – Shamrock Boiled Fruit Cake.**

**Ingredients:(Imperial/Metric)**

16oz / 450g Shamrock Plain Flour  
6 oz / 170g Shamrock Dark Muscovado Sugar  
4 oz / 120g Shamrock Mixed Peel  
6 oz / 170g Shamrock Sultanas  
3 oz / 75g margarine  
10fl oz / 300ml water  
½ teaspoon mixed spice  
½ teaspoon ground cloves  
1 teaspoon Shamrock Bread Soda  
2 teaspoons of vinegar

**Preparation:** Preheat oven 170°C / 325°F / Gas mark 3.

**Method:** Mix the sultanas, mixed peel (chop finely), sugar and margarine into a saucepan with the water, mixed spice & ground cloves. Stir & bring to the boil over a medium heat. When the sugar is dissolved & the margarine is melted, allow the saucepan to boil up gently for five minutes. Set aside & allow to cool until the mixture is just warm. At this stage, stir in the flour.

(There is no need to turn the mixture into a bowl as the saucepan in which the fruit has been cooked can be used & save cleaning up).

When this is well mixed, stir in the vinegar and lastly the bread soda dissolved in a dessert spoon of warm water. Stir well but gently, to mix all the ingredients together. Turn into a lined 9" tin.

**To Cook:** Bake for 1½ - 1¾ hours or until a clean metal skewer or knitting needle when inserted into the centre comes out dry and clean. Leave the cake in the tin for at least five minutes to settle & then turn out.

**To Serve:** Store for a week or so if possible before cutting. The advantage of this cake over other cakes is it saves on baking time because the fruit is partially cooked in the saucepan before you mix in the flour.

**Show Day – Saturday 24<sup>th</sup> August**

**Last Entries – Friday 9<sup>th</sup> August**

**Additional Info:** You can make this recipe to a larger quantity, half as much again using a 10” to 11” tin. If so allow a further 25 minutes baking time and test before you take it from the oven by testing in the usual way. When making the larger size be sure to measure the water allowance accurately.
